

Petite Sewing Machine DMX100

This is a great introductory sewing machine for the beginner and is ideal for lightweight fabrics and basic alterations! It has 8 built-in stitches, a drop in bobbin and a free arm - perfect for circular sewing on cuffs and trouser bottoms. It is lightweight so is easily portable and comes with spare bobbins, needle, and separate needle threader.

Accessories Included

Standard foot, spare bobbins, 1 spare needle, small wire needle threader.
