

Safety data sheet

in conformity with the directive direttiva 91/155 CEE e DLgs 03/02/97 N.52
16/07/98 N.285 e seguenti

Compilation date:06/10/2006

Revision date:

Revision number:1

1 Identification of the product and of the Company DLgs 25/2000**1.1 Product's name:****FRESH AIR TIN OPEN WINDOW FR510316****1.2 CAS number: =****1.3 Identification of the Company:**

Tel .: 011/945.55.11 Fax:
011/945.55.66

2 Composition / information about the ingredients**2.1 Chemical composition:**

blend of hydrocarbons, vegetable wax and fragrance

2.2 Dangerous substances: NONE (DIR.: 1999/45/CE - 2001/58/CE- 2001/59/CE 2001/60/CE)**3 Risks identification:****3.1 Danger classification: NONE****3.2 Dangers for the health:**

- The product is not dangerous if used by observing the common industrial hygienics pratices.

4 First-aid measures**4.1 Inhalation:**

Remove to fresh air. If breathing is affected, get medical attention.

4.2 Contact with the skin:

Wash with water and detergent, and rinse carefully.

4.3 Contact with the eyes:

Wash immediately and carefully with running water. Consult a physician.

4.4 Swallowing: ask for medical assistance.

Safety data sheet

in conformity with the directive direttiva 91/155 CEE e DLgs 03/02/97 N.52
16/07/98 N.285 e seguenti

Compilation date:06/10/2006

Revision date:

Trade name:
FRESH AIR TIN INSECT REPELLENT FTI010616

5 Fire protection

- 5.1 **Suitable extinction means:** CO2, powders, foam.
- 5.2 **NOT suitable extinction means:** water.
- 5.3 **Specific protection means:** normal fire fighting procedure may be used.

6 Measures in case of accidental release

- 6.1 **Personal protection measures:** gloves if the product is melted
- 6.2 **Environmental protection measures:**
Prevent emission in the environment.
Prevent the introduction of the product into the sewerage system, rivers, water beds, etc...
- 6.3 **Cleaning methods:**
Collect through mechanical means and discharge according to the current laws.

7 Handling and stocking:**7.1 Handling:**

In case of direct contact with candle, wear waterproof gloves. Do not drink, eat or smoke while handling. CAUTION: keep out of reach of children.

7.2 Storage:

In dry and ventilated rooms at temperature no higher than 40° - 45°C
Protected from light in original container

7.3 Fire protection:

Keep away from ignition source and naked flame

8 Exposition control/individual protection:

- 8.1 **Skin:** no special requirements under normal use conditions
Eyes: no special requirements under normal use conditions
Inhalation: After the handling of the product, wash oneself carefully, before drinking, eating, smoking
- 8.2 **Exposition:** Not determined.

Safety data sheet

in conformity with the directive direttiva 91/155 CEE e DLgs 03/02/97 N.52
16/07/98 N.285 e seguenti

Compilation date:06/10/2006

Revision date:

Trade name:**FRESH AIR TIN INSECT REPELLENT FTI010616****9 Physical and chemical properties**

PHYSICAL STATE (25°C) : solid
SMELL: typical
SOLIDIFICATION POINT: 52°/56 °C ASTM D938

10 Stability and reactivity**10.1 Stability:**

Stable for about 18 months if stocked at the right conditions.

10.2 Reactivity:

Dangerous reactions of the product are not known.

10.3 Decomposition products:

Carbon dioxide, water. Carbonic oxide and hydrocarbons in case of incomplete burning.

11 Toxicologic information**11.1 Toxicity: =****11.2 Primary irritability:**

In case of melted, extended exposure to smoke and vapours, can sometimes cause eyes inflammation or soreness.

12 Ecological information

12.1 Do not discharge the product into the sewage systems, water beds or superficial water.
Do not waste in the environment.

13 Consideration about the discharging

13.1 Operate according to the current national laws (DPR n°915 dd. 10/9/82, DPR n°691 dd. 23/8/82, law n°475 dd. 9/11/88 and following updatings).

Revision date:

Trade name:**FRESH AIR TIN INSECT REPELLENT FTI010616****14 Transport information**

14.1 The product is classified as not dangerous in the categories: ADR / RID / IMO / ICAO / IATA.

15 Information about the regulations

DPR 303/56: General Hygiene safety work norms

DPR 547/55: Work accidents prevention norms

DPR 336/94: Industry occupational diseases charts

DL 626/94: DLgs 242/96 Enforcing of EU norms : 89/391-89/654-89/655 – 89/656-90/269 –90/270-90/394-90/679

DLgs 25/2000

16 Further information

No further technical information.

This safety data sheet contains technical-scientific information drawn up according to our knowledge, and referring to the above indicated product only; as a consequence they could be not valuable if the product is going to be combined with others or included in other chemical processes. We recommend to verify the national and regional regulations concerning this specific field, as well as the current hygienic, labor safety and environmental regulations.

The a.m. information are held as correct and given in all honesty. They don't imply any obligation, guarantee, freedom to use industrial proprieties, or any license. The a.m. peculiarities do not constitute contractual specifications.
